

Winter Wishes Embroidered Towel Set

STUDENT SUPPLY LIST | 6-HOUR CLASS

Please bring every checked item. Label your machine, hoops, cords, and supplies with your name.

DESIGN PURCHASE REQUIRED

Each student must purchase one instructor-approved polar bear embroidery design and own a legal copy. Beth will provide the lettering files before class. The bear pictured is Beth's original sample; student bear designs may vary.

Towels & Machine

- ☐ One plain white bath towel and one plain white hand towel, prewashed and dried without fabric softener
- ☐ Embroidery machine and module, power cord, foot control if used, and slide-on table
- ☐ Embroidery hoop(s) that fit your approved polar bear and lettering designs, with plastic hoop templates
- ☐ Embroidery Foot #26 or the embroidery foot recommended for your machine
- ☐ USB flash drive containing your purchased polar bear design and Beth's lettering files, saved in your machine format

Threads, Stabilizers & Topping

- ☐ Isacord 40 thread required by your purchased bear design, plus coordinating lettering and snowflake colors
- ☐ Mettler SERAENE White 2000 for the bobbin, plus at least two correctly wound bobbins
- ☐ Schmetz Microtex 80/12 needle, plus one spare
- ☐ OESD Ultra Clean & Tear: enough for 2-3 layers for both towels (17 x 13 inches for the bath towel and 10 x 9 inches for the hand towel, per layer)
- ☐ Optional for a very dense bear: OESD AquaMesh, enough for 1-2 layers
- ☐ OESD StitcH2O WashAway Topping: at least 10 x 9 inches for the bath towel and 7 x 5 inches for the hand towel
- ☐ Optional: Odif 505 Temporary Fabric Adhesive, if preferred; not required for Beth's placement method

Isacord 40 Colors Used in Beth's Original Sample

Color	Use	Color	Use
0182	Fur	5730	Green on scarf
0015	Fur highlights and scarf	2520	Pink on scarf
0142	Light gray fur	2905	Purple on scarf and lettering
0108	Gray fur outlines	0020	Eyes, face, and dark fur
3810	Snowflakes	Hand towel	2905 lettering; 3810 snowflakes

Your purchased polar bear design will include its own thread chart. Use that chart for the bear and choose coordinating colors for Beth's lettering and snowflakes.

Tools & Notions

- ☐ Water-soluble fabric marker; test it on the towel first
- ☐ 6-inch ruler and 12-inch clear ruler
- ☐ Embroidery scissors or thread snips and a seam ripper
- ☐ Embroidery-safe tape and clips for controlling towel bulk
- ☐ Machine manual, notebook, pencil, and printed class packet

Before Class

- ☐ Purchase and download one instructor-approved polar bear design; each student must own a separate legal copy
- ☐ Save the purchased bear and Beth's lettering files to a USB drive in your machine format
- ☐ Open both designs, confirm hoop fit, and do not resize or rotate unless Beth approves it
- ☐ Wash and dry both towels without fabric softener
- ☐ Clean and test the machine and embroidery module
- ☐ Install a fresh needle and wind at least two SERAENE bobbins
- ☐ Arrange threads according to your purchased design's color chart

INSTRUCTOR NOTE: Beth will provide lettering files, printed guides, placement demonstrations, finished samples, and emergency backup supplies. Students provide their purchased bear design, project materials, and consumables.
