

# Embroidered Custom Sweatshirt

## Supply list:

### To be purchased online.

- This is a custom class. Please find a design that you like onto a flash drive.
- Please keep in mind you will need to find a design that is not too dense. Look at designs that have open spaces. A design that has no more than 15,000 to 20,000 stitches. Please keep in mind that if you choose a design that has more stitching than suggested you may not have time to finish your project in class.
  - If you need help finding a design please contact me.

***Also, please bring your color change sheet for your design to use for guidance with your color choice and assembly.***

*If you have any questions please call or email me.*

*My phone number: 610-780-6756*

*My email address is: eaplaner@comcast.net*

## Fabric

- You do not need to bring any fabric, just bring a sweatshirt.
  - Please prewash and dry your sweatshirt before bringing to class.
- If you have an embroidery software program, please print your designs. If you don't, that's okay we will go over how to center your design without the printed design.

## Stabilizer

- Medium tear away stabilizer – I used OESD – I recommend bringing your roll.
- Fusible Woven stabilizer – I used OESD – I recommend bringing your roll.
- Stitch H2O water stabilizer – I used OESD – I recommend bringing your roll.
- Gentle Touch Backing – I used OESD – I recommend bringing your roll.

## Thread

- Bring a variety of threads including all the colors needed for the front of your sweatshirt and sleeve.

**Bobbin Thread:** - Seraline – please have bobbin thread rewound

**Needles:** - Embroidery 80/12 or Microtex 90/14. *I recommend the Microtex 90/14.*

**Spray Adhesive:** 505 preferred

**Embroidery Machine:** – bring your machine, module, cords foot control, etc.

**Feet:** - #26 (embroidery foot) 97, 97C, or 97D, 2A Serger foot for machine

**Hoop:** - Medium hoop, large hoop or midi hoop

**Stitch plate:** Single hole 0mm (if you have it) or regular 9mm
