* I love using mini design boards to organize my blocks in process. These will allow you to easily transport your block pieces back home. I use foam core board from the dollar store (you'll be able to get two 15" boards out of each board), cotton batting, and Aleene's Tacky Glue in place of a hot glue gun (why burn your fingers if you don't need to?!). I don't bother adding the binding trim, but feel free to do so if you wish. 😊 If you aren't familiar with how to make them, below is the link to Lori Holt's how-to tutorial <https://youtu.be/uO-fosn6Yfs>
